<h2>Why the name: Klizer</h2>

<p>Klizer was born from a collective desire to put a name to what has
been driving this team for over a decade now: the passion towards
creating great online experiences. </p>

<p>When choosing to christen our services it came down to who we were
doing this for: clients like you. <strong>Kil</strong> denotes our
clients, who are at the heart of all that we do. The letter K denotes
our constant commitment to quality and modern outlook on technology and
success.

<p>Matching this is the final half of the name – <strong>zer</strong>—
based on what we offer: services that take a personalised approach to
your unique business challenges, and help make your brand vision come
alive in its online avatar.</p>
<P> The name is new, our outlook is refreshed, but the promise of
growth through quality services continues to motivate us. And our name
represents our mission to help distribution businesses overcome our
unique ecommerce challenges and scale better. </p>
